Title: I am the Watcher

Author: Johnas

For those that wear the  
hat must watch.

Long have I watched the  
world spin about the void.  
Hours have turned to  
days and days to years,  
yet still I watch. My only  
friend is the everlasting  
darkness. It calls to me  
softly, offering solace.. a  
sweet carress of oblivian.  
I often wonder what  
would happen if I were  
allowed to give in to this  
temptation. I so long to  
be free of the hats  
eternal embrace.. but for  
now it is my lifeline. And  
it calls to me..

I must go and watch.
